LaVon Walker has established herself as one of the best track performers in the State. As a junior, LaVon placed second in State in the 100m dash with a time of 12.1. She also holds the District long jump record with a 18-2 ¾ leap. Great things are expected of her this year.

LaVon, besides being on the track team, is also a starter on the District Champion Lady Phantom basketball team. We, at Phoebus, wish her the best in her future endeavors.

The Varsity Cheerleaders were led by seniors ***Patrice Whitney, Terri Haskins,*** and ***Vanessa Coppedge.*** Patrice and Terri had three years of cheering experience at Phoebus; this year was Vanessa's first year of cheering. These girls were responsible for organizing their squads, inventing cheers, evaluating team performance and supervising practice sessions. They strived for excellence, and if you saw the cheerleaders in action at any of the games, you know they achieved it! Ms. Fraser and the cheerleaders commend these girls for a job well done.

Our foreign exchange student this year was ***Mikko Heijari***. He came to us from Espoo, Finland and stayed with the Hughes' family. Mikko fit into our way of life quite easily and was a great help in putting this year's yearbook together. Mikko enjoys hiking, skiing, camping and can frequently be seen around school with a math book in hand. We hope you enjoyed your stay here and we'll miss you.

Pam Stewart has had a very distinguished career since coming to Phoebus. Pam has been a starter on the basketball team all three years. She has also been first team All-District three years. She is one of the leading scorers in the district, and is also in the top ten of the class. Her excellent academic record as well as her basketball talents should enable her to go to the college of her choice. Keep up the good work, Pam!

Jackie Gilchrist, one of the mainstays on this year's edition of the Phanton basketball team, has led the team the past two years. She has been a part of the team for four years, and her leadership and maturity have led Phoebus to the District title. An excellent shooter and rebounder, Jackie should take these qualities with her to the college of her choice.

"Hey, you're coming with me!" bellowed Mr. Sherrard to five harmless PHS students last September. So began the illustrious career of the 81-82 Spectre staff. Armed with nothing but ignorance and a desire to save the yearbook — which lost its previous sponsor — the staff immersed itself in learning the finer points of typing copy and preparing lay-outs. The staff had a propensity for losing objects of all types, and much time was spent looking for underclassmen pictures — a tedious way to meet the student body!

Linda Robinson teaches Katie Calvano the benefits of the hunt and peck typing method. Meanwhile, Brian Antolick aims and shoots — pictures for the Spectre, that is. Finnish exchange student Mikko Heijari shows Lisa Weihl how to use calculus to solve the problem of fitting all those pictures into too little space.

Rain or shine, they would always be there to support the Phantoms. Much of their time was devoted to after school practice which was evident in the manner in which they performed at games and pep rallies. They will long be remembered with pride by their fellow students.

J.V. Basketball

One of the main purposes of the J.V. program is to give freshmen and sophomores the opportunity to gain experience playing. This year's team coached by Coach Killen won their share of games and provided valuable experience for the future Phoebus basketball teams. With the calibar of players produced by the J. V. program, Phoebus should remain a strong contender for the District Title in future years.
